Contractual Arrangements:

- ❑ After five years, Kettering and Centerville School Districts need to reassess the status of the Planning District Contract.
- ❑ Kettering has 14 programs v. 11 programs at Centerville so they are designated as the lead district.
- ❑ The lead district is also designated as the fiscal agent.
- ❑ The fee for participation in a district other than the home school district is \$500.00 / student.
- ❑ CTE services will be provided for a minimum of two students per each member district per unduplicated courses.
- ❑ Sending districts are responsible for transporting students to programs outside their district.

WBL Coordinator Responsibilities:

- Develop relationships with Business Partners setting up Work-Based Learning Opportunities such as:
 - Off-Site Placement and Internships
 - Entrepreneurships
 - School-based Enterprise
 - Simulated Work Environment

- Goal = 15% of students in a program earn 250 WBL Hours

WBL Coordinator Responsibilities cont'd:

- ❑ Work with Business and Industry Partners to navigate the SB 166 Tax Credit Certificate program.
- ❑ Track WBL Employer Agreements & WBL work hours.

Expanding Opportunities for Student Success:

- Consider the selection and hiring processes providing authentic learning experiences such as
 - How to have an effective interview
 - How to write a professional resume
 - Conduct “Mock” Interviews
 - Assist with the Onboarding Process

- Conduct evaluation meeting with employers

Additional Support for CTC Staff and Students

- ❑ Judging program competitions
- ❑ Facilitation of an annual Job Fair
- ❑ On-Site Driver's Education
- ❑ Individual Support for selected students

- **Career Tech Center Founded In 1975**

- **11 Associate School Districts**

- **Serve ~15,000 Students Per Day**

- **4 High School Campus Locations**

- **Located In ~50 Buildings Throughout Our Associate School Districts**

Why Work-Based Learning?

- Work Based Learning is the mission of Career Tech Education
 - Mission Over Metric
- Provides an opportunity for students to learn professional adult interaction...with a safety net
- Provides an opportunity for students to have meaningful conversations about mis-steps can lead to professional learning

Work-Based Learning Tips & Tricks

- Start with what you are already doing in your class. How can you think about it differently?
 - IT Students As Campus IT Help Desk Technicians
 - Portfolio Development For Arts Students

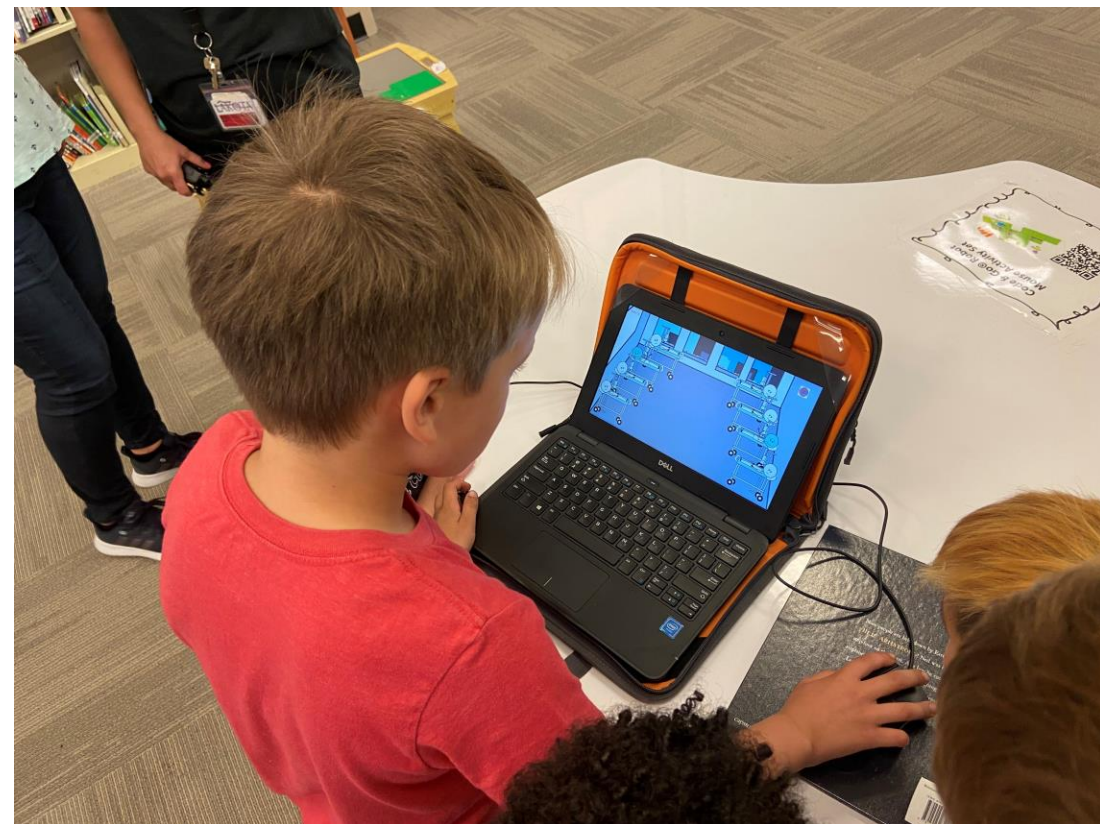

Work-Based Learning Tips & Tricks

- What 'problems' exist in your school or community, that your students might be able to help solve to facilitate learning?
 - Water Bottle Filling Station Modification
 - Lunch Line Efficiency

Work-Based Learning Tips & Tricks

- Think from a district perspective...are there opportunities if I partner with other teachers outside of my building/campus?
 - Partnerships With Younger Grade Levels To Meet A Need
 - Marketing Needs For Student Entrepreneurs

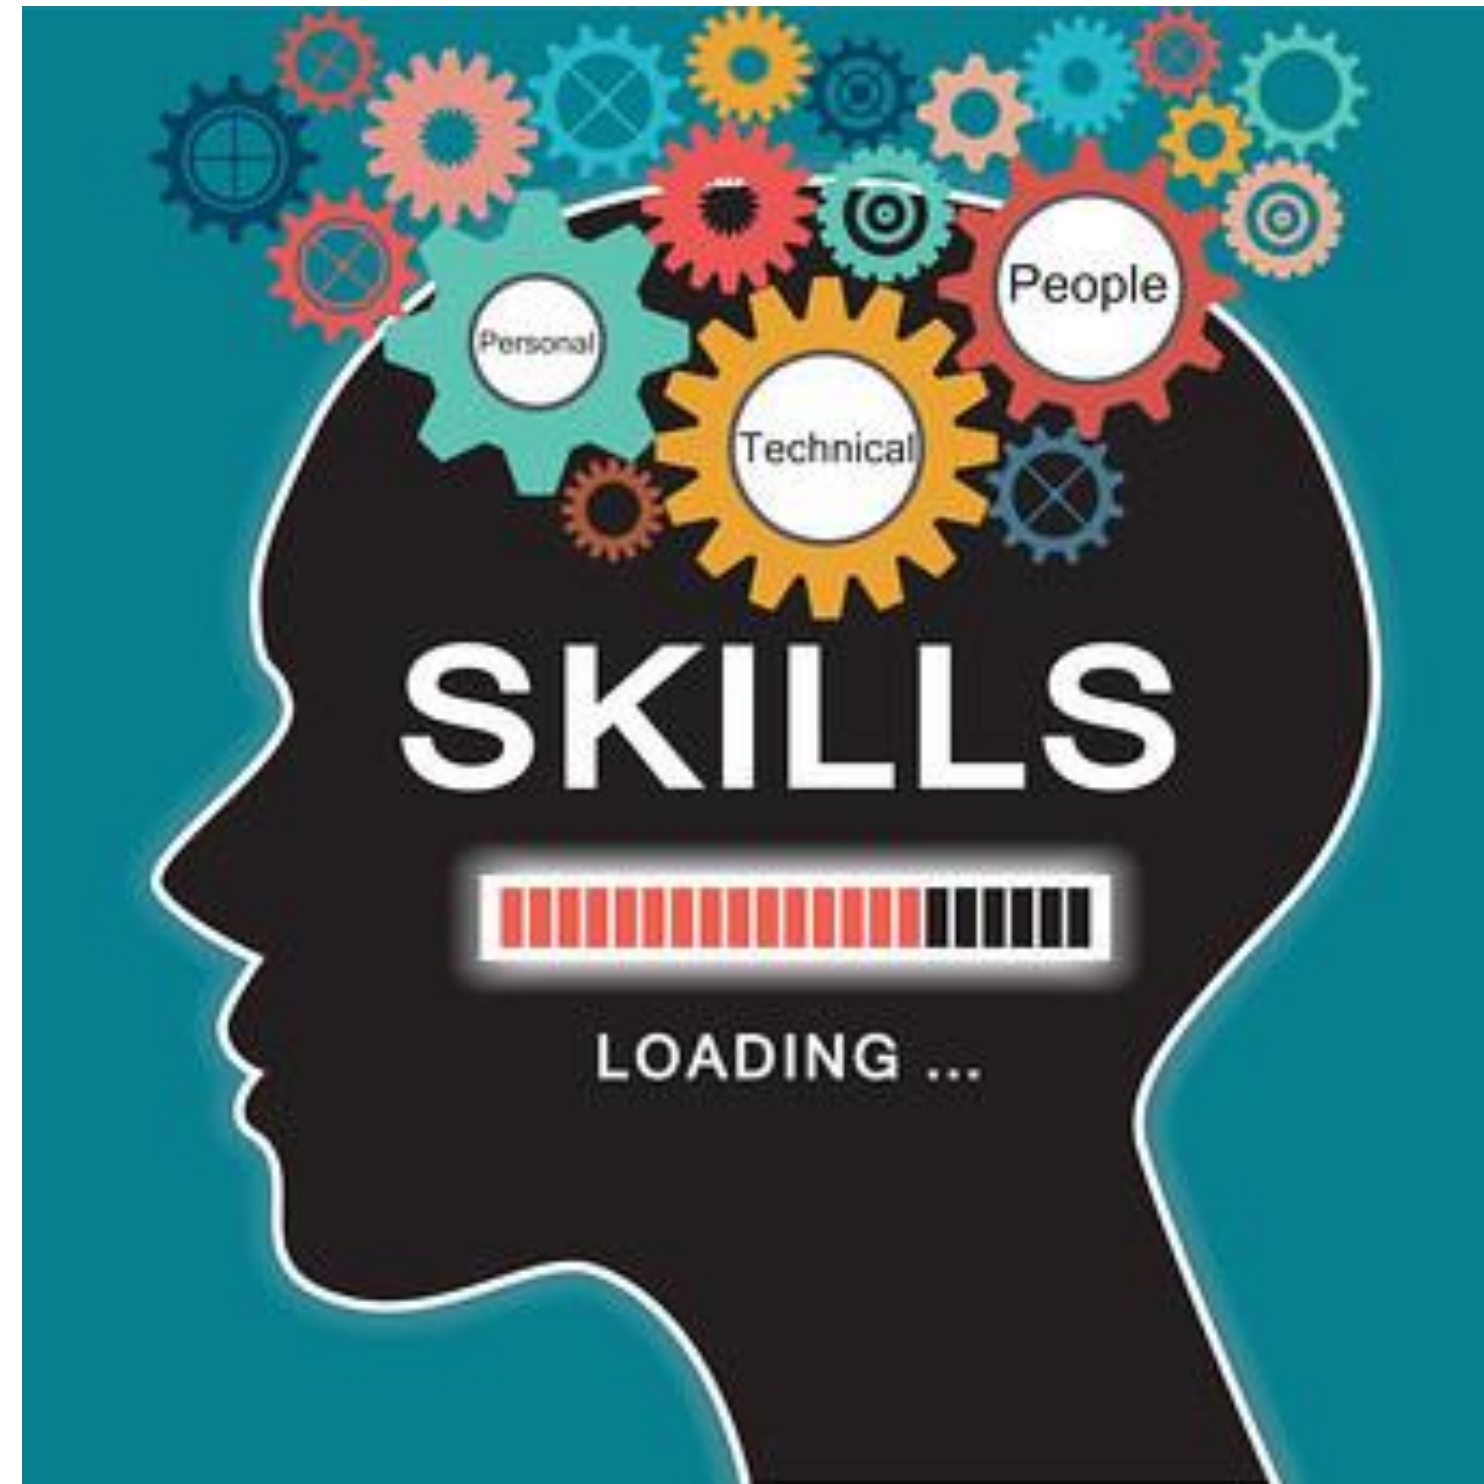

Work-Based Learning Tips & Tricks

- What local organizations might you be able to partner with for support?
 - Local Employers & Non-Profit Organizations
 - Local District Partnerships
